

Workplace Safe Risk Stress Test®

Proactive Workers' Comp Compliance and Risk Management

GenCo Legal® - a division of QPWB, offers specialized Risk Stress Test® services tailored to meet the specific needs of businesses and insurance carriers in the realm of workers' compensation. Our goal is to provide Risk Management professionals and General Counsel with the tools and insights necessary to proactively navigate and mitigate the complex risks associated with workers' compensation.

Our Workplace Safe Risk Stress Test® provides an exhaustive review of your current policies and procedures. This review is benchmarked against industry best practices to identify areas where an organization may be exposed to risk. We focus on key areas including compliance with regulations, adequacy of your documentation, and the effectiveness of your training programs.

SAFETY REQUIRES MORE ATTENTION TO DETAIL

Regulatory Compliance: Ensure your workers' compensation policies meet all current legal requirements.

Documentation and Training: Evaluate the effectiveness of your existing documents and training programs to identify opportunities for improvement.

Risk Mitigation: Develop strategies to minimize exposure to workers' compensation claims and reduce overall risk.

TAKING ACTION MATTERS

In-Depth Analysis and Actionable Recommendations

Our service provides a detailed analysis of your workers' compensation program, highlighting high-risk areas and offering actionable steps to mitigate these risks. This ensures that your business can proactively address potential compliance issues before they become costly problems.

Trusted Strategic Guidance

We serve as your trusted advisors, presenting key findings that give you the knowledge needed to move forward confidently. Our recommendations are designed to help you create a safer, more compliant workplace.

Championing Safety for All

Together with your team, we'll assess your practices, categorizing them as red, yellow, or ideally green. Our objective is to provide actionable strategies that lead to a best-in-class practices and procedures.
